### **DETAILED ACTION**

Claims pending 1-3 are pending.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2 and 3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are drawn to a process of making a compound of formula I from a and b, or c and d reagents. However the claims does not give the steps for preparing these compounds.

Applicants should specify the conditions of the reaction.

Also claims 1-3 have the term "general" as general formula and it is not clear what that would encompass.

A telephone call was made to applicants attorney, Mr. David Kim, on 8/25/06, but did not result in the claims being allowed.

#### ***Conclusion***

Claims 1-3 are rejected.
